

CENTRAL INTELLIGENCE AGENCY

23 DEC 1985

Director, Office of Legislative Liaison

OLL 85-3857
12 December 1985

NOTE TO: DDCI
EX DIR

SUBJECT: Congressional Oversight

o Attached is a shorthand collation of several papers pulled together over the last 1½ years aimed at improving our professional relations with Congress.

o It might serve along with other recent suggestions, as a springboard for devising a somewhat less ambiguous philosophy and plan than we're following now.

o Fundamental to the ultimate scenario is the session that the DCI has indicated to both Durenberger and Hamilton he wishes to have with them on the oversight process. Current counterintelligence and foreign liaison discussions make it very clear that those sessions involving the Chairman and the DCI are necessary.
